Coding with COZMO @ Westbrook

Thursdays 8am-8:55am | 1st-2nd Graders

Thursday Sessions: 3/7, 3/14, 3/21, 4/4, 4/11, 4/18, 4/25, 5/2, 5/9, 5/16, 5/23 (11 Sessions)

No classes 3/28

\$160

Code Play Learn is excited to continue to offer our Coding with COZMO class at Westbrook Elementary. This class is ideal for new and returning students.

What is [COZMO](#)? Cozmo allows students explore programming through play. With COZMO we can learn the fundamentals of coding; events, if statements, loops and more. The best part is that the kids can see how their code worked immediately enabling them to evaluate what they did, what they thought would happen and what actually happened.

LEGO ROBOTICS @ Westbrook Elementary

Fridays 8am-8:50am | 1st-2nd Graders Only

Fridays Sessions: 3/8, 3/15, 3/22, 4/5, 4/12, 4/26, 5/3, 5/10, 5/17, 5/24 (10 Sessions)

No classes 3/29, 4/19

\$150

Code Play Learn is excited to continue to offer our LEGO WEDO 2.0 ROBOTICS. This class is great for new and returning students.

Our LEGO-Robotics introduces students to robotics and engineering principles through the building of their own LEGO Robots. Each week students will construct and modify their own Lego robots incorporating motors, motion sensors and a distance sensors. After building our creations we then use the LEGO WeDo programming platform to make their creations come alive.
