Board phone meeting this week to evaluate corporate sponsorship opportunities and division of effort. These sponsorships will make largest impact (no expenses, limited time). Glenview State Bank donation of \$500 is equivalent to 10 Platinum Memberships or 25 Regular Memberships. Once you receive contribution, can renew the following year, especially by confirming that you are promoting their business throughout the year with photos/email check-ins.

Understand if larger employers have a matching contribution program - those who work at these companies can have their donations matched by their employer. If they donate \$50 to the No Volunteer Fundraiser, for example, we receive \$100.

For Intermediate Schools, was noted that changes in gifted scheduling are causing concern among parents. Many are under the impression that their children are spending less time in gifted programming. Call for clarification.

Cori Mohr of D34 Student Service Council asking for new PTA position at each school: Parent Liaison. Parent will mentor parents and children with 504s, IEPs, social emotional and any other needs. Liaison will point parents in the right direction for assistance, plan gatherings to connect parents, and work with Student Services Council to help with programming that the district develops. We have more information – if there is an ideal candidate at GG please let us know? We have representative for WB already.

Kate & Jenny proposed a volunteer exchange program among the PTAs to help with low volunteer response, and also help families enjoy events at their schools. For example, we provide 3 volunteers for 2 hours to Springman, and they do the same for us on a separate date
